

# PHOTO SESSION

## *Pricing guide*

### EVENT PHOTOGRAPHY

Event coverage includes professional photography capturing both dynamic wide-angle moments and individual close-up portraits throughout your event. Event photography rates do not apply to performances or choreography taking place on stage. High-resolution images are delivered through a secure online proofing gallery for convenient viewing and download. Travel fees may apply.

#### EVENT USE ONLY

*Starting at \$350 + tax*

Event coverage begins at \$350 for two hours, with additional hours available at a rate of \$100 per hour. The Event Use license includes permission for internal archives, official social media accounts, the event's website, and other organization-created materials intended for internal purposes, such as programs or newsletters. This license does not include marketing, promotional, commercial, or personal use by performers or individuals. Events seeking marketing or commercial usage may obtain a separate license for individual images or curated image sets, with licensing fees determined by the scope and duration of use. Photos must be credited "Photo by: Kailie Sanders Photography" in all uses. Discounted rates may be available for productions that request both Event Use coverage and personal-use image packages for dancers.

#### PERSONAL USE (DANCERS & INDIVIDUALS)

*\$35 per digital image or \$125 for full image set + tax*

This license applies only to images in which the individual appears and includes permission for personal printing, posting on personal social media accounts, and a print release for personal use only. Pricing is per dancer, with families receiving a 10% discount on the full image set for each additional dancer.
