STUDIO CLASS PHOTOGRAPHY

Dance class photography captures the energy, technique, and artistry of students and teachers in action and may feature individual portraits, fine details, and full-classroom shots. Sessions can be booked by the studio, organization, or teacher, with usage rights for internal archives, official social media accounts, the school's website, organization-created materials for internal use, such as newsletters or class programs, and other official channels. All images are delivered as high-resolution files through a secure online proofing gallery.

Marketing and commercial usage can be arranged separately with licensing fees based on the intended use. Students and individuals do not automatically receive personal-use rights to the images, but these may be purchased if offered. Images from both wide-classroom and individual dancer coverage can be professionally retouched upon request for \$25 per image. Travel fees may apply.

1-HOUR CLASS (UP TO 30 STUDENTS)

Additional time can be calculated at a rate of \$100 per additional half-hour. Please add an additional \$25 for every 5 students beyond 30 students.

PERSONAL USE (DANCERS & INDIVIDUALS)

The personal-use license applies only to images in which the dancer appears and includes permission for posting on personal social media accounts, as well as a print release for personal use only. Pricing is per dancer, with families receiving a 10% discount on the full image set for each additional dancer.
